SEASON 2 RP CAP

6,000 RP (Crown)

08 | SEASON CLOSURE— XP RESET & RP DEDUCTION

XP Reset

At the end of Season 2, the XP Bar will fully reset to zero. Every Campus MVP begins the next Season with a fresh XP balance. MVPs will still be able to view the overall XP they earned in the previous Season on their dashboard — only the active XP Bar resets, the record of past XP remains visible.

RP Deduction

At the end of Season 2, a 15% deduction is applied to the MVP's total RP before it carries forward into the next Season. Season rewards are calculated on the final verified RP *before* the deduction is applied.

RP Carried Forward = Final Season RP × 85%

For example, a Campus MVP finishing Season 2 at Crown (6,000 RP) will carry forward 5,100 RP into the next Season.
