

BGMI CAMPUS MVP PROGRAM

Official Handbook & Standard Operating Procedure

Season 1 | August 2026

CONFIDENTIAL

This document is the official handbook and Standard Operating Procedure (SOP) for all Campus MVPs participating in the **BGMI Campus MVP Program**. It outlines the program structure, responsibilities, tasks, scoring framework, communication channels, submission and verification protocols, appeals, rewards, and code of conduct.

All Campus MVPs are expected to read and understand this handbook before participating. Continued participation constitutes acceptance of the guidelines set out in this document.

01 | Welcome to the BGMI Campus MVP Program

Congratulations and welcome to the BGMI Campus MVP Program!

As a Campus MVP, you represent BGMI within your college and play a vital role in building an active gaming community. Through the program you will recruit players, organize gameplay activities, create engaging content, and foster a positive and competitive gaming culture on your campus.

This handbook is your primary reference for program expectations, task requirements, scoring, communication channels, submission processes, and rewards. Refer to it throughout your journey.

02 | Program Overview

The BGMI Campus MVP Program is a national campus engagement initiative designed to identify, empower, and recognize student leaders who can build thriving BGMI gaming communities across colleges.

The program focuses on:

- Building active BGMI gaming communities within campuses.
- Encouraging consistent gameplay and community engagement.
- Promoting original BGMI content creation.
- Developing leadership and community management skills.
- Recognizing outstanding Campus MVPs through rewards and national recognition.

Performance is measured through the Rank Points (RP) and XP System — tracked on your dashboard via an RP Bar and RP Leaderboard, and an XP Bar showing your individual XP standing. Exceptional performers compete for the prestigious Conqueror Title.

03 | Program Timeline & Season Structure

The program consists of three Seasons, each running for one month.

Season	Duration
Season 1	03 August 2026 – 30 August 2026
Season 2	To be announced (September)
Season 3	To be announced (October)

Each Season introduces a fresh set of objectives while allowing Campus MVPs to keep progressing through the RP system. Every Season follows the same workflow:

1. Season Launch	5. Season-End Evaluation
2. Task Execution	6. Reward Distribution
3. Submission & Verification	7. 15% RP Deduction before Next Season
4. RP Bar, RP Leaderboard & XP Bar Updates	8. New Season Preparation

04 | Season 1 Framework

Season 1 is designed to help Campus MVPs establish strong BGMI gaming communities within their colleges. During this Season, Campus MVPs will:

- Recruit verified BGMI players.
- Build their Verified Cohort.
- Conduct Livik Custom Matches.
- Create original BGMI content.
- Earn Rank Points (RP) to progress through the RP Bar and RP Leaderboard.
- Compete for seasonal XP rewards by going beyond the mandatory requirements.

Season 1 consists of three mandatory tasks (Section 06). Completing all of them earns a minimum of 2,175 RP, placing you in the Gold Rank. RP can be earned up to the Season 1 cap of 2,500 RP (Platinum Rank), after which further eligible contributions convert to XP — see Section 09.

05 | Week-wise Roadmap

Week 1 — Build Your Squad

- Join your assigned BGMI Campus MVP Announcement and Regional WhatsApp group.
- Join your college's BGMI Gaming Community group.
- Share the Squad Signup Form with interested BGMI players from your own campus and build your Verified Cohort (minimum 15 players).
- Ensure all recruited players are from your own campus and that their details are accurate.
- Start maintaining your cohort tracking sheet.
- Begin playing your Livik Custom Matches.

Week 2 — Activate Your Community

- Continue recruiting additional verified players, if pursuing bonus RP.
- Continue playing Livik Custom Matches towards your 20-match target.
- Submit the Refer a Friend Form before 30 August 2026, 11:59 PM, if you wish to refer friends from your campus.
- Begin planning your BGMI gameplay reels.

Week 3 — Create & Engage

- Continue playing towards your 20-match target and capturing the required screenshots.
- Send your first reel draft to your assigned POC for approval.
- Once approved, publish the reel on Instagram.
- Continue building your campus gaming community.

Week 4 — Finish Strong

- Complete 5 Livik Matches weekly (20/month) and submit one consolidated Match PDF.
- Send your second reel draft to your POC for approval, then publish it.
- Submit the Your Cohort Google Sheet link under Task 1 and keep it editable until the official close of Season 1.
- Complete all task submissions by 30 August 2026, 11:59 PM.
- Submit the Best Player Nomination Form before 30 August 2026, 11:59 PM.
- Verify all pending submissions and raise any resubmission request by 27 August 2026, 5:00 PM IST.
- Continue contributing after reaching the RP cap to grow your XP Bar.

06 | Season 1 Tasks

Task 1 — Campus Squad Assemble

Objective: Onboard a minimum of 15 BGMI players from your own campus through the Squad Signup Form, the link to which is attached to the Task 1 description under the Mission Tab.

Minimum Requirement: 15 Verified Players (Your Cohort).

RP: 25 RP per verified player — minimum mandatory 375 RP.

Additional verified players beyond the mandatory 15 may be added to the same Your Cohort and will earn 25 RP per verified player.

MVPs must ensure that all player details are filled correctly and that every recruited player belongs to their own campus.

Task 2 — Livik Lockdown

Objective: Conduct Livik Custom Matches with players from your Verified Cohort.

Minimum Requirement: 20 Livik Custom Matches.

RP: 50 RP per approved match — total mandatory 1,000 RP.

All matches must be played with verified Your Cohort players. In every match, a maximum of 5 players from the MVP's total verified player pool may be absent. For example, 15 verified players require at least 10 to participate; 16 verified players require at least 11.

To conduct matches beyond the mandatory 20, the Campus MVP must have more than 15 verified players in Your Cohort.

Only matches satisfying the required minimum participation criteria will be eligible for RP or XP.

Campus MVPs may also nominate their best-performing cohort player under this task through the Best Player Nomination Form, the link to which is attached to the Task 2 description under the Mission Tab — see Section 13.

Task 3 — Highlight Hunt

Objective: Create engaging and original BGMI gameplay content.

Minimum Requirement: 2 original BGMI Gameplay Reels, approved by your POC and published before deadline.

RP: 400 RP per approved reel — total mandatory 800 RP.

Reels must comply with the official content guidelines shared by the BGMI Team.

07 | Rank Points (RP) System

The RP System is the primary progression framework of the program. Campus MVPs earn RP by completing verified program tasks and activities; accumulated RP determines your rank and the rewards you unlock at the end of every Season. Unlike XP, RP carries forward across Seasons after the applicable seasonal deduction.

On the dashboard, RP progress is visible in two ways — a personal RP Bar showing progress towards the next rank, and a full RP Leaderboard showing standings across all Campus MVPs.

Season 1 RP Structure

Task	RP per Unit	Mandatory Requirement	Mandatory RP
Recruit the Squad	25 RP per verified player	15 Verified Players	375 RP
Livik Lockdown	50 RP per verified match	20 Livik Custom Matches	1,000 RP
Capture the Clutch	400 RP per approved reel	2 BGMI Reels	800 RP
Total			2,175 RP

Campus MVPs may continue recruiting verified players beyond the mandatory 15-player requirement.

Only activities verified by the BGMI Operations Team are eligible for RP. Completing all mandatory Season 1 tasks earns 2,175 RP, placing you in the Gold Rank.

Additional RP: Campus MVPs also earn 300 RP for every referred candidate who is selected as a Campus MVP through the Refer a Friend Form (Section 13). This RP is credited after the referred candidate clears screening and selection.

Season 1 RP Cap

To ensure balanced progression across all three Seasons, every Season has a maximum RP limit. For Season 1 this cap is 2,500 RP.

Campus MVPs may continue completing eligible activities beyond the mandatory requirements, but only the first 2,500 RP counts towards the RP Leaderboard. Any eligible contribution after the cap is automatically converted into XP and reflected on your XP Bar (Section 09).

Weekly Leaderboard Updates

The RP Leaderboard is updated once every week to help Campus MVPs monitor progress and plan remaining tasks. However, Season-end rewards are determined by the final verified RP at the conclusion of the Season.

Seasonal RP Deduction

RP carries forward after a 15% deduction (rounded to the nearest whole number) applied at the end of every Season. This ensures previous effort continues to count towards long-term progression while giving all Campus MVPs a fair opportunity in the next Season.

RP Carried Forward = Final Season RP × 85%

Worked Examples

Scenario	Final Season RP	15% Deduction	Carried Forward
Example 1 – end of Season 1	2,500 RP (Platinum)	375 RP	2,125 RP
Example 2 – end of Season 2	5,000 RP	750 RP	4,250 RP

Important Notes

- RP deductions are applied only once, at the conclusion of every Season.
- Rank rewards are calculated before the deduction is applied.
- The deducted RP is not recoverable.
- RP continues to carry forward until the conclusion of the program.

08 | Rank Progression & Season Rewards

Campus MVPs progress through eight official ranks based on cumulative RP. At the end of every Season, rewards are distributed based on the highest verified rank achieved during that Season.

Rank	RP Required	Season Reward*
Bronze	0 RP	Welcome Kit
Silver	500 RP	₹500 Gift Voucher
Gold	1,200 RP	200 UC
Platinum	2,500 RP	300 UC + Elite Pass
Diamond	4,000 RP	600 UC + Gaming Trigger
Crown	6,000 RP	900 UC + Premium Gaming Headset
Ace	8,500 RP	BGMI Varsity Jacket + Level 3 Backpack
Conqueror	Top 5 National Campus MVPs	Rewards worth up to ₹15,000*

*Rewards are indicative and may be revised at the discretion of the BGMI Team.

09 | XP System

The XP System is designed to recognize Campus MVPs who consistently contribute beyond the mandatory Season requirements. Unlike RP, XP does not affect your Season Rank or Leaderboard position. Instead, it rewards exceptional initiative, community growth, and sustained engagement after reaching the RP cap.

How XP Works

- XP becomes active only after you reach the Season RP Cap (refer to Section 07).

- Once the RP Cap is reached, all eligible activities award XP instead of RP.
- Your dashboard displays an XP Progress Bar along with your personal XP standing.

Eligible XP Activities

Campus MVPs can continue earning XP by completing approved bonus activities such as:

- Recruiting additional verified players beyond the mandatory 15-player requirement.
- Organizing additional Livik Custom Matches.
- Submitting additional approved BGMI Reels.
- Completing special community campaigns and bonus challenges announced by the BGMI Team.
- Any other approved additional activities introduced during the Season.

Monthly XP Rewards

At the end of every month, the BGMI Team will review the internal XP standings.

Top 5 Campus MVPs by Monthly XP will receive exciting vouchers and exclusive rewards. Reward categories and values may vary each month.

Seasonal XP Reset

At the end of every Season, all XP is reset to zero. Every Campus MVP begins the next Season with a fresh XP balance, ensuring equal opportunities to compete for monthly and seasonal rewards.

Final Conqueror Evaluation

At the conclusion of all three Seasons, the final Conqueror rankings will be determined using a combined evaluation of:

- Overall Conqueror Leaderboard Performance (RP)
- Overall XP Performance across all three Seasons

The Top 5 Campus MVPs with the highest combined performance will be crowned the official Campus Conquerors and receive premium Conqueror rewards.

Note: XP is a recognition system for exceptional contribution beyond mandatory requirements. Consistently earning XP throughout all three Seasons significantly improves your chances of finishing among the Top 5 Campus Conquerors.

10 | Conqueror Title

The Conqueror Title is the highest recognition within the program. At the conclusion of the program, only five Campus MVPs nationwide will be awarded the title, receiving rewards worth up to ₹15,000 along with official national recognition from BGMI (*T&C Applied).

Unlike other ranks, Conqueror is not awarded by reaching a fixed RP milestone — it recognizes consistent excellence across the entire program.

Evaluation Criteria

Campus MVPs are evaluated on overall performance across all three Seasons, which may include, but is not limited to:

- Overall RP earned.
- Seasonal XP performance.
- Consistency across all Seasons.
- Timely task completion.
- Community building and campus engagement.
- Leadership and professionalism.
- Quality of content submissions.
- Adherence to program guidelines and code of conduct.

Final Decision

RP Leaderboard standings and internal XP standings serve as important reference points, but the final selection of the Top 5 Conquerors rests solely with the BGMI Team, which reserves the right to consider the overall contribution, consistency, leadership, and impact of each Campus MVP.

The decision of the BGMI Team regarding the Conqueror Title shall be final and binding and will not be subject to appeal.

11 | Communication & Community Management

All official communication takes place through designated channels managed by the BGMI Operations Team. Campus MVPs are expected to actively monitor these channels and respond promptly to program-related updates, deadlines, and communications.

Official Dashboard

The BGMI Campus MVP Dashboard is the primary platform for task submissions, RP Bar and RP Leaderboard tracking, XP Bar and individual XP standing, submission status, query resolution, appeals, and official announcements. Campus MVPs are responsible for completing all required submissions through the dashboard within the prescribed timelines.

Assigned Regional POC

Each Campus MVP is assigned a dedicated Regional Point of Contact (POC). Your POC is your primary point of contact and will assist with:

- Program guidance
- Task clarifications
- Dashboard support
- Submission-related queries
- Reel draft approvals
- Sharing the Refer a Friend Form link
- Verification updates
- Weekly follow-ups
- General operational assistance

Campus MVPs are encouraged to contact their assigned POC before escalating any concern. Queries may also be raised through the Query Form on the official dashboard; the Operations Team will respond within one week.

Official WhatsApp Communities

The program operates through two official WhatsApp Communities, each serving a specific purpose.

Community 1 — BGMI Campus MVP Community

The official communication community for all Campus MVPs. Only Campus MVPs, Regional POCs, and members of the BGMI Internal Team are part of it. The community is divided into four regional groups — North, South, East, and West — and each Campus MVP is added to their respective group by their assigned POC.

This community is used for official announcements, program updates, weekly reminders, submission deadlines, RP & XP updates, form links shared by POCs, operational support, and query resolution. The Regional POC handles routine communication and support; the BGMI Internal Team assists with escalations.

Community 2 — BGMI Gaming Arena

The official college-level gaming community. Each participating college has its own dedicated WhatsApp group comprising the Campus MVP(s), Verified BGMI Players, the assigned POC, and members of the BGMI Internal Team.

The BGMI Gaming Arena aims to:

- Build long-term BGMI gaming communities across campuses.
- Encourage regular gameplay and participation.
- Coordinate Livik Custom Matches, tournaments, and community events.
- Promote healthy competition and player engagement.
- Strengthen the BGMI ecosystem beyond the Campus MVP Program.

Player Verification Process

Only verified cohort players are added to their college's BGMI Gaming Arena group. Verified cohort players will be added to the respective college groups by POCs after verification only.

Verified Cohort

A Verified Cohort consists of verified BGMI players from the same college whose details have been approved by the BGMI Operations Team. Each Campus MVP will maintain only one cohort — Your Cohort — with a minimum of 15 verified players. Additional verified players may continue to be added to Your Cohort until the official close of Season 1.

Only verified Your Cohort players are eligible for official program activities and RP- or XP-eligible gameplay. Gameplay conducted with unverified players will not be considered for RP or XP.

Role of a Campus MVP

As the Campus MVP for your college, you are expected to:

- Build and grow your college's BGMI Gaming Arena community.
- Share the Squad Signup Form with interested BGMI players from your own campus.
- Maintain an accurate record of the players registered under Your Cohort.
- Maintain an active and engaging gaming community.
- Ensure all official Livik Matches are conducted with Verified Cohort players.
- Coordinate with your assigned POC whenever required.
- Foster a respectful and inclusive gaming environment.
- Interact with your community regularly — organize squads, friendly rivalries, and hype around matches.
- Actively moderate the BGMI Gaming Arena group and ensure no profane, abusive, discriminatory, or harassing

- language is used by any member.
- Maintain zero tolerance for hacks, mods, or any unfair gameplay within your community, and promote ethical play at all times.
- Follow the communication guidelines shared by your assigned POC.
- Represent BGMI professionally at all times, both online and offline.

Any inappropriate behavior, cheating, or misuse of the community must be reported to the assigned POC immediately.

12 | Submission & Verification Guidelines

All task submissions must be made through the Official BGMI Campus MVP Dashboard. Only verified submissions that comply with the prescribed timelines and requirements are considered for RP or XP. Failure to follow these guidelines may result in delays, rejection, or ineligibility for points.

Every task description on the dashboard carries its own submission guideline, including a dummy/sample task and clear instructions, for MVP reference before submitting.

General Submission Guidelines

Campus MVPs must:

- Submit accurate and complete information.
- Upload all required supporting evidence.
- Adhere to the submission deadlines for each task.
- Ensure all information provided is authentic and verifiable.
- Retain original proof until the end of the program for audit purposes.

Task 1 – Recruit the Squad

Every Campus MVP will maintain only one Verified Cohort – Your Cohort.

The first 15 verified players complete the mandatory Task 1 requirement. Campus MVPs may continue recruiting additional verified players beyond the mandatory 15 until the official close of Season 1.

Task Submission: Submit one Google Sheet link containing the details of all recruited players. The sheet must remain editable so that additional players can continue to be added until the official close of Season 1.

Every additional verified player beyond the mandatory 15-player requirement will earn 25 RP per verified player, subject to the Season RP Cap.

Deadline: 30 August 2026, 11:59 PM.

Task 2 – Livik Lockdown

MVPs upload PDFs for this task, containing 3 screenshots per match – Room Lobby, End of Match Results, and Squad Stats at the end of the match. For 20 matches, this totals 3 screenshots × 20 matches = 60 screenshots, all combined into a PDF as per the weekly task.

Screenshot guidelines:

- Screenshots must be clear, unedited, and fully legible.
- Squad UUIDs must be clearly visible in every screenshot.
- Refer to the detailed screenshot reference document shared by the BGMI Team for exact formatting expectations.

If a Campus MVP plays more than 20 matches in Season 1, proof for the additional matches must be submitted through the additional attachment option provided under Task 2.

Deadline: 30 August 2026, 11:59 PM.

Task 3 — Capture the Clutch

A mandatory 2 BGMI Gameplay Reels are required for this task. The submission requires MVPs to attach 2 Instagram links of the approved reels.

Process:

- Send the reel draft to your respective POC for review.
- Only after receiving approval from the POC, publish the reel on Instagram.
- Attach the link of the published reel to the Task 3 submission.

It is not mandatory to post reels on a personal Instagram handle (public account) — MVPs may create a new Instagram ID (public account) specifically to publish their reels.

Any additional approved reels beyond the mandatory 2 must be submitted through the additional Instagram link attachment option provided under Task 3.

Deadline: 30 August 2026, 11:59 PM.

Only verified and guideline-compliant content is considered for RP. Submissions that are unreadable, unapproved, or shared with restricted access may be rejected.

Verification Process

All submissions undergo verification by the BGMI Operations Team before RP or XP is awarded. Verification may include player verification, gameplay validation, content review, dashboard audit, and random quality checks. The BGMI Team reserves the right to request additional information wherever necessary.

13 | Program Forms

In addition to task submissions, the program runs the following forms. Campus MVPs are responsible for completing each form accurately and within its stated window.

Squad Signup Form

Active until 30 August 2026, 11:59 PM. Link: Task 1 description, Mission Tab. Player details collected:

- MVP UUID
- Player details (Full name, UUID, IGN, Phone number, College Email ID)
- Proofs to be attached (Player's College ID Card AND Account Career Results)

The Google Sheet submission requirement is covered in Section 12.

Best Player Nomination Form

Active until 30 August 2026, 11:59 PM. Link: Task 2 description, Mission Tab. Campus MVPs nominate the best player from their squad based on overall performance and player stats, and must fill in all relevant details before the deadline.

- A Campus MVP cannot nominate themselves.
- MVPs need to fill out their player's details correctly.
- Nominations must be for a player within the MVP's own Verified Cohort.
- Approved nominees receive exciting vouchers.

Refer a Friend Form

Active until 30 August 2026, 11:59 PM. The form link is shared with each Campus MVP by their assigned POC over WhatsApp. Campus MVPs may refer as many friends as they like, provided each referred candidate is from their own campus and is a BGMI gamer.

- Proper screening and interview rounds will be conducted for every referred candidate, as per the standard selection process.
- The referring MVP must fill out all details correctly (Full name, College Email ID, and other relevant questions).
- If a referred candidate is selected and becomes a Campus MVP, the referring MVP earns 300 RP per selected candidate.

14 | Appeals, Resubmission & Season Closure

If a Campus MVP believes a submission has been incorrectly rejected, or that awarded RP/XP has been incorrectly calculated, they may raise an appeal in the form of a resubmission request. MVPs are requested to take note of the deadlines and submit their tasks accordingly.

Resubmission Request

- A resubmission request must be raised within 48 hours of receiving the submission decision, and in no case later than 27 August 2026, 5:00 PM IST. No request will be accepted after this cut-off.
- Requests must be raised through the official dashboard. The Campus MVP must first provide a clear reasoning for the resubmission; only once the request is approved by the BGMI Team may the submission be re-uploaded.
- Only one resubmission is permitted per Submission.
- The request must clearly mention the Reason for Resubmission, and Supporting details.

Season 1 Deadlines

Activity	Deadline
Refer a Friend Form closes	30 August 2026, 11:59 PM

Raising a resubmission request	27 August 2026, 5:00 PM IST
Squad Signup Form closes	30 August 2026, 11:59 PM
Best Player Nomination closes	30 August 2026, 11:59 PM
Resubmission window closes	30 August 2026, 11:59 PM
Official close of Season 1 for Campus MVPs	30 August 2026, 11:59 PM

No request or submission will be entertained after these deadlines for Season 1.

Post-Season Process

Following the close of Season 1 on 30 August 2026, the BGMI Team will take up to one week to review pending requests, finalize RP and XP standings, and initiate reward distribution. Season 2 will commence thereafter, with dates announced separately.

The BGMI Operations Team will review each appeal and communicate its decision within one week of receiving the request. The decision of the BGMI Team shall be final and binding.

Note: The timelines and processes set out in this section are indicative and may be revised at the discretion of the BGMI Team, as required by operational needs. Any change will be communicated through the official communication channels.

15 | Code of Conduct

The program is built on integrity, professionalism, teamwork, and responsible community leadership. As a Campus MVP you represent both your college and the BGMI brand — every interaction, online or offline, should reflect the values of the program.

Expected Behavior

- Conduct yourself professionally and respectfully at all times.
- Demonstrate honesty, integrity, and fairness in all program activities.
- Encourage healthy competition and positive community engagement.
- Treat fellow Campus MVPs, players, POCs, and BGMI representatives with respect.
- Follow all program guidelines, deadlines, and official instructions.
- Maintain transparency in all submissions and communications.
- Contribute towards a welcoming and inclusive BGMI community within your campus.

Community Guidelines

Within any official BGMI communication channel, Campus MVPs must:

- Maintain respectful and constructive conversations.
- Use official groups only for BGMI-related discussions.

- Support fellow Campus MVPs whenever possible.
- Report any inappropriate behavior to their assigned POC.
- Follow instructions shared by the BGMI Team.

Unacceptable Behavior

The following are strictly prohibited:

- Use of abusive, offensive, discriminatory, or profane language.
- Bullying, harassment, or intimidation of any participant.
- Hate speech or personal attacks.
- Sharing misleading or false information.
- Spamming or posting irrelevant promotional content.
- Impersonating another participant or BGMI representative.
- Sharing confidential program information without prior approval.
- Encouraging or participating in unfair gameplay practices.
- Favouritism, exclusion of members, or trash-talking other campuses or Campus MVPs.
- Use of hacks, mods, or any third-party tools that provide an unfair advantage.

Responsible Community Leadership

Campus MVPs are expected to lead by example within their college communities by maintaining a positive and welcoming gaming environment, ensuring respectful interactions within the BGMI Gaming Arena, promoting fair and ethical gameplay, supporting new players, and escalating community concerns to the assigned POC whenever necessary.

16 | Fraud & Integrity Policy

All submissions and activities are subject to verification by the BGMI Operations Team. Any attempt to manipulate the program or gain an unfair advantage will be treated as a serious violation.

Integrity Standards

Campus MVPs must ensure that:

- All player information submitted is genuine and accurate.
- All recruited players are legitimate students of the respective college.
- Every submission is authentic.
- Gameplay records accurately represent official program activities.
- Content submissions are original and comply with BGMI's content guidelines.

Prohibited Activities

- Submitting false, fabricated, or inflated player or match information.
- Creating duplicate, fake, or unauthorized player registrations, or using fake accounts.
- Falsifying any supporting evidence — including editing scores, player names, dates, or UIDs in screenshots or videos.
- Plagiarizing, reusing previously submitted content, or passing off content created by someone else as your own.
- Submitting AI-generated or third-party content as original work without approval.
- Circumventing the player verification process, or allowing unverified players into RP- or XP-eligible gameplay.
- Raising duplicate claims for the same activity.
- Attempting to manipulate RP, XP, or leaderboard standings through dishonest means.

Verification & Audit

The BGMI Team reserves the right to conduct random audits of submissions, request additional supporting documents or evidence, verify player identities, validate gameplay records, and review content submissions for originality and authenticity. Failure to cooperate may result in rejection of submissions or further disciplinary action.

Disciplinary Actions

Depending on the severity of the violation, the BGMI Team may take one or more of the following actions:

- Verbal or written warning.
- Rejection of task submission.
- Removal of RP or XP awarded.
- Temporary suspension from the program.
- Permanent disqualification from the BGMI Campus MVP Program.
- Disqualification from seasonal rewards or the Conqueror evaluation.
- Removal from all official BGMI communication channels.

The BGMI Team reserves the right to determine the appropriate disciplinary action based on the nature and severity of the violation.

Player Data Protection

Player data is sacred. Campus MVPs are personally responsible for handling the information of every player in their community with care.

- Collect only the information a mission or verification requires — nothing more.
- Never ask any player for passwords, OTPs, or account login credentials.
- Never publish or share phone numbers, addresses, private chats, or identity documents.
- Use collected data solely for official program purposes and share it only through the official dashboard.

Use of BGMI Brand Assets

Only official, approved BGMI assets may be used in any content, poster, or community material. Official logos must never be distorted, recolored, redrawn, or reproduced in any modified form. Where in doubt, seek approval from your assigned POC before publishing.

17 | Contact & Support

For any query or concern, Campus MVPs should follow the support hierarchy below.

Level	Channel	Use For
Level 1	Assigned Regional POC	Task queries, dashboard assistance, submission support, reel draft approvals, Refer a Friend form link, general guidance, weekly follow-ups
Level 2	Official Dashboard	Query submissions, appeals, technical issues, verification requests, submission tracking. The query will be replied to within one week.
Level 3	BGMI Operations Team	Escalation of concerns unresolved at Level 1 or Level 2

The Operations Team's decision on operational matters, leaderboard calculations, verification outcomes, disciplinary actions, and the Conqueror evaluation shall be final.

18 | Closing Note

Congratulations once again on becoming a BGMI Campus MVP.

Your journey is about more than completing tasks — it is about building communities, inspiring players, and creating a lasting impact on your campus. Embrace the challenge, lead with integrity, and make the most of every opportunity.

Stay consistent, support your community, and most importantly — have fun.

Welcome to the Battlegrounds. See you at the top!
