

BGMI CAMPUS MVP

Season 1 Submission Guide — Simplified

For Campus Ambassadors | 25 August- 25 September

Quick Overview

Season 1 has 3 missions. Complete all 3 to earn the full Season 1 reward. You have until 25 September to submit everything.

Mission	What You Do	Core Reward
1. Campus Squad Assemble	Add 15 players from your campus	375 RP
2. Livik Battle Loop	Play 20 Livik matches (5 per week)	1,000 RP
3. Highlight Hunt	Submit 2 gameplay reels	800 RP

Minimum Season 1 total: 2,175 RP | Full completion (Gold Rank): 1,200 RP secured | Platinum Rank: 2,500 RP (only 325 RP above minimum)

How Submission Works

Every mission follows the same 5-step loop:

1. Complete — finish the mission target.
2. Capture — save clear proof (screenshot, screen recording, or reel).
3. Upload — put it in the correct mission slot on the dashboard.
4. Verify — wait for the program team to review it.
5. Claim — RP is added once your proof is marked Verified.

Important: uploading proof does NOT give you RP automatically. RP is only added after your submission status changes to Verified.

General Rules

- Submit only your own screenshots, player details, match records, and reels.
- Keep proof clear and readable — blurred, cropped, dark, or incomplete files may be rejected.
- Don't miss deadlines — weekly missions need weekly proof; Season 1 closes on 25 September.
- Each UID, screenshot, or reel can earn RP only once. No duplicates.
- Don't edit names, scores, dates, UIDs, or match details. Light cropping is fine as long as all key details stay visible.
- Double-check UIDs, links, file names, week labels, and mission slot before you submit.

Fair Play Rules

RP is only awarded after verification — submitting is not the same as being approved. Avoid these violations:

- Fake proof — fake screenshots, accounts, match data, or content.
- Edited results — changing scores, names, dates, placements, or UIDs.
- Duplicate claims — reusing the same UID, screenshot, link, or reel for extra RP.
- Unfair gameplay — cheats, hacks, account selling, or prohibited play.
- Content theft — copying another creator or submitting watermarked work.
- Privacy breach — sharing private player info or login details.

Serious or repeated violations can lead to submission rejection, RP removal, rank loss, or removal from the program.

Protecting Player Data

Only collect the information a mission actually needs. Never ask a player for their BGMI password, OTP, or account login. Never publicly upload phone numbers, home addresses, private chats, personal documents, passwords, OTPs, or login details.

Before You Hit Submit — Checklist

- I completed the correct mission.
- All information I entered is accurate, and the BGMI UID is correct.
- I'm not uploading duplicate proof.
- I'm submitting before the deadline.
- My proof is clear, complete, and matches the correct week/mission slot.

- The file or link opens correctly.
- My content follows fair-play and safety rules, with no private player data visible.

Final Word

Complete the mission. Capture clear proof. Upload it to the correct slot. Play fair. Claim your RP.
